Activity 7.3 Regional consultations

Jointly for our common future

Dear Participant,

It is with great pleasure that we welcome you to the MMWD Second Transnational Roundtable, in Belgrade, June 12-13 2014.

As those of you who attended the First Roundtable in Trieste know, MMWD Transnational Roundtables are meant to address important challenges related to demographic change across South East Europe. To contribute to the integration and competitiveness of the SEE area, MMWD approach is to give result to the specific context and needs of SEE territories to develop a shared strategic vision at transnational level.

More specifically, through a process of dialogue among SEE public administrations and stakeholders, the Roundtables serve the concrete purpose of discussing and developing action plans for transnational cooperation in 2014-2020. Each participating institution has expressed their interest in participating to specific working sessions, on the basis of their competence and factual interest in engaging in those strategic areas.

The project's 2020 scenarios provide the basis for identifying key demographic challenges, and discuss their effects on sustainable and inclusive growth prospects in SEE territories. The SEE Program Capitalisation Strategy, the SEE 2020 Strategy and ERDF strategic priorities for 2014-20 serve as references to place the Roundtables' dialogue into context.

In Belgrade, thematic sessions will continue the 3-fold discussion inaugurated in Trieste: *Valuing the relationship between labor mobility and self-employment; Social economy for the sustainability of welfare systems; Investing in the quality of human capital to sustain the stability and competitiveness of South East Europe.*

The specific goal for this second appointment is to define *target needs* and *key objectives* for joint action in each of the 3 thematic areas.

We look forward to your contributions, and to an enjoyable Belgrade event,

Sincerely,

Region Emilia-Romagna

Region Friuli-Venezia Giulia
